Best Sellers

Just a sample of our top selling products!

Bandsaw Blades

A selection of our very own branded Cobra Bandsaw blades. Available in multiple sizes

Page 4

Stainless Steel Holesaw

Stainless Steel holesaw blades in a large selection of sizes.

Page 4

Ambrosol Aerosols

A variety of Ambrosol products from zinc galvanising spray to gold metallic spray paint. These products are a must have for any industry.

Page 16

Cable Ties

Our cable ties and ties come in different sizes and colors, making them suitable for different applications.

Page 10

Padlocks

A selection of padlocks in various sizes and strengths for use across all industries. From standard padlocks to long shackle padlocks, we have one to suit your needs.

Page 19

Sitebox with Castors

Heavy duty steel storage vault - ideal for securing tools & equipment on site or in a vehicle.

See Tool Storage

Spill Kit

High capacity Spill Kits for areas where potentially large volumes of liquid present spill risks.

See Spill Control

Wheelie Bin

High-quality high-density HDPE. Rugged, robust design and construction. Compliant with noise reduction requirements.

Page 26

Pallet Wrap

Ensures pallet stabilisation and security due to its excellent stretch and memory characteristics.

Page 19

Bubble Wrap

Ideal for packing, shipping and storing items that may require additional protection. Lightweight and durable. Small bubble wrap is most popularly used when moving home or office

Hand Tools

**T4729 Triton VDE
Screwdriver Set**

The Knipex 03 06 Series Traditional Combination Pliers with multi-component grips, VDE tested up to 10,000V and safe for work up to 1,000V.

T3805 VDE Plier Set

Combicutter 160mm. Combination Pliers 185mm. Snipe Nose Pliers 200mm.

**T5530 30metre Metal
Draw Fish Tape**

Innovative spiral design significantly reduces frictional resistance allowing for longer cable runs. Considerably less kinking and coiling compared to nylon and steel tapes.

**T2250 Armourslice SWA
Cable Stripper**

Scores armour strands to a uniform depth for a clean break off and trouble free gland connection.

Wide cable clamp ensures perfect blade to cable alignment for precise cuts.

ProSlice Copper Tube Cutter

8mm, 10mm, 15mm, 22mm, 28mm
High tension cutting wheel spring enables fast, clean cuts with minimal cutter revolution.

Rapid Adjustable Cutter 6-76mm

Copper/Aluminium/Plastic
Rapid size adjustments makes it quick and easy to alter the diameter setting.
Four hardened rollers for secure, clean tube cutting.

Immersion Heater Spanner Box Type

Complete with Tommy Bar for added leverage
Steel Construction

Drilling

SDS | Drill Bits | Tile Drill Bits |

Cobra SDS+ Drill Bits

The optimised drill geometry allows for rapid drilling progress, reduced wear and tear, and less effort. The centring tip allows for easy and precise drilling and prevents slipping on smooth surfaces.

To create approval-compliant drill holes in:

- Concrete
- Solid brick
- Sand-lime brick

Also suitable for:

- Natural stone
- Rebar

Masonry Fixings

**Pan Head
Bolt**

**Countersunk
Bolt**

**Hex Flange
Head Bolt**

**Hex Head
Bolt**

This stress free, non-expansion through fixing is the new solution for heavy duty anchoring into concrete, brick, stone, wood and concrete block.

Designed to replace traditional expansion anchors

- Micro plating technology gives a higher resistance to corrosion and enhances speed of installation
- High-Low parallel threads for ease of insertion and high pull-out values
 - Removable & adjustable non-expansion through fixing
 - Unique concave thread configuration

Plasterboard Fixings

Spring Toggle

A cavity fixing that is ideal for overhead installations. The wings spread the load over a wider area making them more suited for heavier loads.

Metal Cavity Anchor

A cavity fixing that is ideal for hanging radiators, brackets, hand rails, and shelving units. When installing multiple anchors, a Setting Tool is recommended for a fast and efficient way of installation.

Red Rawl Plug

Suitable for all kinds of concrete and masonry substrate materials. Ideal for medium and lightweight applications.

Metal Speed Plug (Worm Screw)

A rapid light duty plasterboard fixing for use in a wide range of applications. Cross recess head, allows simple installation with a pozi or cross drive screwdriver. Comes complete with screws. 3 point tip for quick insertion. Comes with zinc plated pan headed cross recess 4.5 x 30mm screws.

Cavity Anchor Setting Tool

A handy and efficient tool used to set cavity anchors. Quick and easy to use for fast installation. Comfort grip with ergonomic design.

Tool Storage

Site Box

2mm steel

Provides excellent anti-theft properties

Fitted with keyed-alike 5-lever deadlocks

Powder-coated charcoal finish

Includes handles - easy to move or transport

Gas-assisted struts for easy access

Ideal for using in vans, trucks or on building sites

Option of adding forklift skids and castors

Pipe Rack

The Armorgard PipeRack™ is an innovatively designed wheeled storage rack to manoeuvre while you're working on site.

The fully collapsible design means that it can be easily transported and stored when not in use.

PipeRack™ is available with either a 1 tonne or 2 tonne storage capacity, not to be moved whilst fully loaded.

Ladders

Swingback Step Ladder

Swingback stepladder is constructed using extremely durable, non conductive, seven-layer fibreglass rails that are highly resistant to weathering. This ladder features a multi-functional HolsterTop™ to keep tools organised and limit trips up and down the ladder and is ideal for working around electricity.

Platforms

The Fibreglass Work Platform features robust fibreglass legs that are non-conductive, ensuring enhanced safety when operating near live electricity sources. This work platform's compact and lightweight design enables convenient storage and easy transportation.

Podiums

The Podium Ladder is ideal for working at fixed heights and is easier to manoeuvre than scaffolds or lifts. The extra-large platform with toe guard feels like you are standing on the ground and 4X Work Zone allows you to work facing any direction.

Step Ups

Ideal for electricians and work teams that require insulated stepladders.

It's the ultimate combination of lightweight, stability and strength. Ideal for jobs that require frequent climbing up and down and those requiring extended periods of standing.

Spill Control

Wheeled Spill Kits

Range Capacity: 60 - 360 litres

- High capacity Spill Kits for areas where potentially large volumes of liquid present spill risks.
- Ideal for quick reaction to incidents and highly mobile.
- Helps protect the environment and workplace from contamination and enables swift clean-up.

Loose Absorbents

The traditional approach to leak and spill clean-up. Choose from hard granules or biodegradable fibres all made from recycled materials.

Exclusively available are The Evo LW30 Recycled Wood Fibre, a fire retardant absorbent particulate for use on industrial spillages and general clean-up duties, and the enviro-friendly EVO DRI Absorbent Granules made from recycled gypsum.

SPILLTECTOR® Portable Containment

- Premier protection against leaks and spills from equipment and machinery.
- Fits neatly under small plant, machinery and tanks.
- Traps and absorbs oil and fuel leaks without any interruption to the job.
- Unique sorbent laminate catches and contains leaks while clean rainwater runs away.
- Flexible sidewalls allow plant and machinery to be wheeled into place easily.

LUCECO

L I G H T I N G

**Twin Panel
Folding Work Light**
(LILC250G65-01)

Choose from four light modes to match your needs. Adjust the head for precise lighting or 360-degree coverage. Mount the light on a tripod or easily attach to various surfaces with the strong magnetic base and clamp for more versatile use.

Mini Work Light
(LILC50G65-01)

Three lighting modes offer up to 500lm. A strong clamp and magnetic base offer secure hands-free operation, ideal for close work in smaller spaces (boiler/fuse cupboards, engines, loft).

9W Hand Torch
(LILHT100B65)

Three light modes. Control the beam for both short and long distance lighting needs. Easily recharge the battery with the included USB Type-C cable.

LED Inspection Head Torch
(LILH15P65-02)

Up to 60 degrees for multiple angles. Options include 100% light output, 50% light output, flash mode, red light, and red flash.

Wipes & Cleaning

Universal Textured Wipes

Universal Textured Wipes remove Silicone, Paint, Sealant, Adhesive, Bitumen, Oil, Grease, Expanding Foam, Dirt and much more.

Crafted with a heavy-duty, premium dura-fibre material, offering unrivalled durability.

Powerful antibacterial properties with a skin safe solution.

Expertly formulated to tackle even the toughest stains with ease.

Contains Aloe Vera, the natural oils help keep hands soft and moisturised.

Ideal for industries with more frequent wiping needs.

Microsafe 70% IPA Wipes

Microsafe Disinfectant Surface Wipes are constructed from non-woven fabric which contains a 70% isopropanol alcohol- based solution which is effective against a wide range of bacteria and fungi.

The

wipes are suitable for all sanitising applications. They are mainly used in the medical, pharmaceutical and food industries.

UltraGrime Pro: Multi-Use

Decorators, Plumbers, Mechanics, Electricians,
Flooring fitters, Builders, Window fitters, care &
Hospital, Janitorial supplies, Social Housing, Catering,
Emergency services, Farmers, office &
Education...and so many more!

Fixings & Fasteners

Woodscrews | Bolts | Anchors | Concrete Screws | Spring Toggles

Premium Woodscrews

C2 is a revolutionary high-performance screw designed using modern manufacturing methods. Its superior holding strength in a wide variety of materials provides ultimate performance.

Partially threaded from 80mm. Helix from 100mm and above. Twin cut tip on 3.5 gauge from 20mm.

Code	Size	Quantity
8971	Tub M4 x 30	1200
2395	Tub M4 x 40	1000
2396	Tub M4 x 50	750
8972	Tub M4 x 70	500
8971	Tub M4 x 80	350

2396	Tub M5 x 80	300
8972	Tub M5 x 100	250

CORROSION RATING Yellow 1 2 3 4 5 Occasionally damp/wet, rust and sheltered areas

Spring Toggles - Zinc

A cavity fixing that is ideal for overhead installations. The wings spread the load over a wider area making them more suited for heavier loads.

NOTE: Please allow 30mm cavity depth for the wings to open..

Partially threaded from 80mm. Helix from 100mm and above. Twin cut tip on 3.5 gauge from 20mm.

Code	Size	Quantity
1369	M3 x 50	100
